Clerk of the United States Bankruptcy Court
For the Southern District of New York
One Bowling Green
New York, New York 10004

Dear Sirs:

This is in response to the determination of claim number 01288 on December 17, 2010 with reference to bankruptcy case #08-1789(BRL). The claim was denied on the basis of review of the available books and records of BLMIS and the resultant conclusion that I did not have an account.

It is and was my belief that I did have an account in good standing. My investment was directly with BLMIS and my check was made payable to Bernard Madoff Securities. I construed my cancelled check to be evidence of my account and my investment with Madoff. Enclosed is a copy of the following check:

Since it is well known that Mr. Madoff's activities were largely fraudulent and that his records ranged from inaccurate to misleading to non-existent, it seems obvious on its face that said records cannot be a test of the validity of my claim. My records, substantiated by the enclosed, are clear and can be validated, if necessary, by the financial institution which processed the check.

Accordingly, I request reconsideration of my claim, which I advance as a valid filing for funds lost, as stipulated by SIPA.

Thank you for your attention to this matter.

Sincerely,

Robert A. Epstein M.D.
